## Packing and transport

- Materials must be packaged in sturdy, non-leaking containers no larger than 5 gallons.
- Original containers are recommended.
- Small, leaking containers can be individually placed in ziploc bags. Larger containers should be placed in separate, covered, and non-leaking containers for transport.
- Five gallon plastic buckets are available at most hardware stores and make good transporting containers.
- State regulations limit the transportation of household hazardous waste to 15 gallons or 125 pounds per vehicle per visit. Individual containers are limited to a 5-gallon capacity.

**Thursday, Friday and Saturday • 9:00 A.M. to 4:00 P.M.**
